Education/Benefits of admission: The Navy pays for the tuition, room and board, and medical and dental care of Naval Academy midshipmen. You also enjoy regular active-duty benefits including access to military commissaries and exchanges, commercial transportation and lodging discounts and the ability to fly space-available in military aircraft around the world. Midshipmen pay is \$764 monthly, from which laundry, barber, cobbler, activities fees, yearbook and other service charges are deducted. Actual cash pay is \$75 to \$100 per month your first year, increasing each year to \$400 per month in your fourth year. Upon graduation, a B.S. degree is awarded regardless of major, because of the technical content of the core curriculum. The after graduation commitment is at least five years of active duty service. Officers pursuing aviation typically are required to serve eight to nine years of active duty service depending on the length of aviation training and aircraft type.
